

RTs Technologies is an US based IT Enabled Service (ITeS) company in Bangladesh with its Headquarter at McKinney, Texas. Our motto is to make the lives of our customers simpler through the use of modern technology. We are a group of young and skilled professionals, full of energy and enthusiasm that are ready to explore new trends in technology to serve our clients in a smarter, better and efficient way. Our forte is to maintain the quality of the work even in a tight deadline because we always strive for having a Long Term Relationship with the Customer.

We are looking for **Senior WordPress Developers** to join our team who will help to create new features, improve existing code, squash bugs and help us grow the themes and plugins.

Responsibilities:

- Develop new themes/plugins according to the requirements.
- Implement new features and functionality on existing themes/Plugin.
- Collaborate with the team and implement best practices.
- Working under tight deadlines
- Handling multiple projects at the same time
- Producing high-quality work with a strong focus on detail

Whom are we looking for?

- Minimum of 3+ years' experience building WordPress plugins or themes
- Strong knowledge of HTML, CSS, JavaScript, and PHP
- Understanding of responsive design and its implementation
- Experience building and shipping production-ready applications
- Extensive knowledge of the WordPress ecosystem
- Ability to work in cross-functional teams
- Good analytical and debugging skills
- Write a performance-focused and optimized code.
- A strong sense of ownership, with little necessity for supervision.
- Have an approved theme at Themeforest or Wordpress.org is preferred.
- Fluent English speaking and writing is preferred.
- An ability to work on multiple projects and tasks at the same time
- Great attention to detail, highly organized
- A positive and upbeat attitude with the ability to learn quickly

Salary:

Up to 50,000 BDT (Depends on Skill and Experience)
